Please provide your comments on the proposed project in the space provided below:

I believe electrical growth is important to
the San Luis Valley. Our preference is to go
through Major's Ranch option and to make the
least amount of environmental impact as possible.
Visual, noise and ground construction is a main
concern. Please use your head & all aspects of
this project for those of us living near by. Please
paint towers to blend in & the natural environment.
We would appreciate your concern for all
& this huge project.
